

M130 Robotic Lawn Mower

Cutting Swath	1300mm
Stubble Height	60mm-140mm
Motor Power	3 * 1.8kw
Work Efficiency	6000m ² /h
Tire	All Terrain Tire
Weight	400kg
Machine Dimensions	2000mm * 1300mm * 610mm (L * W * H)

Maximum Slope
30°

Battery Capacity
15kwh

Running Time
6-8h

Speed
5kph

M130

ROBOTIC LAWN MOWER

HARVEDEX

PRODUCT HIGHLIGHTS

Obstacle Detection

High-Precision Positioning
Autonomous Navigation

Real-Time Data Monitoring

Multi-User & Multi-Device
Customized Mowing Tasks

15kWh High-Capacity Battery

All-Day Operation
6-8 Hours Runtime

6000m²/h Efficiency

High-Power Brushless Motor
All-Terrain Adaptability

Night Work Mode

24-hour uninterrupted mowing

Automatic Charging

Low battery reminder
no manual operation required

Four-wheel Drive System

All-terrain capability for various scenarios
